### COMPETITION BACKGROUND

The Worldwide Competition on Microsoft Office has grown steadily since its inauguration in 2002 as a regional event in Asia. All told, more than 250,000 students from all over the world have competed for the coveted title of "World Champ" in its eight-year history. Participants for the Championship Round of the Competition are chosen based on exam scores and completion times. Students who outperformed their peers to make the final round of the Competition generally had perfect or near-perfect exam scores and completion times well below the allotted examination time.
